Professional Summary:-

Recent B.Tech IT graduate with strong foundation in Java, OOP concepts, python and backend development. Experienced in building applications using Java, Python, SQL, and REST APIs. Passionate about developing scalable backend systems and continuously improving problem-solving skills.

Skills:-

Programming Languages: Python, Java, SQL

Databases & Tools: MySQL, MySQL Workbench, PostgreSQL

Libraries & Frameworks: NumPy, Pandas, Matplotlib, Scikit-learn, Flask

Data Visualization & Analytics: Power BI

Cloud & Deployment: AWS, Render

Tools & Platforms: Git, Github, VS Code

Academic Experience:-

- Applied concepts of data analysis, model building and visualization in academic and self-driven projects.
- Gained hands-on exposure to API integration and responsive UI design, alongside cloud platforms and basic deployment practices.

Projects:-

- Behavioral CAPTCHA System – Final Year Project | Aug 2024 - Apr 2025
 - Developed backend logic for user verification and data handling.
 - Integrated REST API for prediction system.
 - Managed user interaction data using structured storage.
- Emotion Detection App – Individual Project | Jul 2024
 - Built a real-time emotion recognition application using a convolutional neural network trained on the FER2013 dataset.
 - Implemented data preprocessing, augmentation, model training, and webcam-based inference with live prediction display.
- URBAN+ Smart City Dashboard – Team Project | Aug 2025 - Present
 - Built a React-based dashboard displaying live Weather, AQI and News using APIs.
 - Designed responsive UI with Tailwind CSS.
 - Focused on API integration, UI/UX design and performance optimization.

Certifications:-

- Core Java Programming – Diamond Mindglance Institute, Pune | Jan 2024 - Apr 2024
 - Completed 60 hours of offline training and assessment covering Java fundamentals, OOP concepts and application development.
- Web Development Internship – TechnoHacks EduTech | Jul 2023 - Aug 2023
 - Completed a one-month internship focusing on core web development technologies and best practices.
- Machine Learning Certifications Program – DYPU-KRITI in collaboration with Spartificial Innovations Pvt. Ltd. | Sep 2023
 - Completed a one-week joint industry-academic certification in ML at DY Patil University.
- Tata Data Visualization: Empowering Business with Effective Insights Job Simulation on Farage | Sep 2025
 - Completed a simulation involving creating data visualizations for Tata Consultancy Services and created visuals for data analysis to help executives with effective decision making.

Education:-

B.Tech in Information Technology, CGPA: 8.06

Aug 2022 - Jun 2025 | DY Patil University, Ambi, Pune

Diploma in Information Technology, 69.38%

Jun 2019 - May 2022 | Pimpri-Chinchwad Polytechnic, Nigdi, Pune
